CAVCO INDUSTRIES REPORTS FISCAL 2025 SECOND QUARTER RESULTS AND ANNOUNCES NEW \$100 MILLION STOCK REPURCHASE PROGRAM

PHOENIX, October 31, 2024 (GLOBE NEWSWIRE) – Cavco Industries, Inc. (Nasdaq: CVCO) ("we," "our," the "Company" or "Cavco") today announced financial results for the second fiscal quarter ended September 28, 2024.

Quarterly Highlights

- Net revenue was \$507 million, up \$55 million or 12.3% compared to \$452 million in the second quarter of the prior year, primarily on home sales volume growth.
- Home sales volume is up 15.7% and capacity utilization is up to approximately 70% from approximately 60% in the second quarter of the prior year.
- Factory-built housing Gross profit as a percentage of Net revenue was 22.9%, compared to 23.2% in the prior year period.
- Financial services Gross profit as a percentage of Net revenue was 21.8%, compared to Gross profit of 35.9% in the prior year period.
- Income before income taxes was \$55.0 million, up \$3.3 million or 6.4% compared to \$51.7 million in the prior year period.
- Net income per diluted share attributable to Cavco common stockholders was \$5.28 compared to \$4.76 in the prior year quarter.
- Backlogs totaled \$276 million at the end of the quarter, up \$44 million, or 19%, from \$232 million three months ago, with modules in the backlog growing 20%.
- Stock repurchases were approximately \$44 million in the quarter.
- On October 29, 2024, the Company's Board of Directors approved an additional \$100 million stock repurchase program.

Commenting on the quarter, President and Chief Executive Officer Bill Boor said, "Our second quarter results were strong as our plants ramped production in line with order growth. Additionally, our Financial Services segment showed improvement following the previously communicated \$4 million in claims resulting from Hurricane Beryl early in the period.

He continued, "Our continuing prayers and support are with all those affected by Hurricanes Helene and Milton. Thankfully, our employees and their families remained safe; however, many suffered devastating property damage. While dealing with their personal challenges, our Cavco teammates resumed operations, minimizing any negative home shipment effects. Our thanks go out to all our dedicated coworkers in the region for their grit and commitment to providing homes for our customers. The critical importance of that work has never been more apparent than in the aftermath of these catastrophes."

- In the factory-built housing segment, the increase in Net revenue for the three and six months periods was due to higher home sales volume, partially offset by a decrease in revenue per home sold primarily due to a lower proportion of homes sold through our Company-owned stores and, to a lesser extent, product pricing decreases.
- Financial services segment Net revenue increased for the three and six month periods from higher insurance premiums.

[•] In the factory-built housing segment, Gross profit as a percent of Net revenue for the three and six months ended September 28, 2024 decreased primarily due to lower average selling price, partially offset by lower input costs per unit.

- In the financial services segment, Gross profit and Income from operations for the three and six months ended September 28, 2024 was negatively impacted by high insurance claims from Hurricane Beryl in July and multiple weather events in Texas, as well as the wildfires in New Mexico in the first fiscal quarter of this year.
- Selling, general and administrative expenses increased for the three months ended September 28, 2024 as a result of increases in variable compensation driven by higher incentive compensation and as a result of increases in expense from acquired retail locations. Selling, general and administrative expenses increased for the six months ended September 29, 2024 as a result of increases in expense from acquired retail locations.
