FOR IMMEDIATE RELEASE

CAVCO INDUSTRIES REPORTS FOURTH QUARTER RESULTS

Sales increase 16% to \$51.2 million

Income from continuing operations rises to \$4.2 million

PHOENIX, AZ - (May 1, 2006) – Cavco Industries, Inc. (NASDAQ: CVCO) today announced financial results for the fourth quarter and fiscal year ended March 31, 2006.

Net sales for the fourth quarter of fiscal 2006 rose 16% to \$51,216,000 from \$44,043,000 for the fourth quarter of last year.

Net income for the fourth quarter increased to \$4,216,000 compared with \$4,030,000 in the same period one year ago. Net income per share for the fourth quarter this year was \$0.66 versus \$0.64 last year based on basic weighted average shares outstanding and \$0.62 versus \$0.61 per share based on diluted weighted average shares outstanding. Net Income for the fourth quarter of fiscal 2005 included income from discontinued retail operations of \$400,000 or \$0.06 per share. Excluding the results of discontinued operations, income from continuing operations in the fourth quarter of last year was \$3,630,000, or \$0.58 per basic weighted average share and \$0.55 per diluted weighted average share.

For the fiscal year ended March 31, 2006, net sales climbed 20% to \$189,503,000 from \$157,435,000 for fiscal year 2005. Net income for the year increased 49% to \$15,049,000 versus \$10,127,000 for 2005. Net income per share was \$2.38 based on basic weighted average shares outstanding and \$2.23 based on diluted weighted average shares for fiscal year 2006 versus \$1.61 and \$1.54, respectively, for fiscal year 2005.

Commenting on the quarter, Joseph Stegmayer, Chairman, President and Chief Executive Officer, said, “We are pleased to report excellent results for the fourth quarter and the fiscal year. We maintained a strong gross profit percentage although this measure was negatively impacted by higher raw material prices and by the start-up costs of the new Texas plant. The upward price movement of our purchased materials has shown no sign of relenting and while we are generally able to adjust our selling prices there is a time delay between the higher costs incurred and our realization of higher sales prices.”

Mr. Stegmayer continued, “The Texas manufacturing facility has generated interest among buyers of park model and cabin homes and its start-up is progressing as planned. Our three plants in Arizona performed very well during the quarter. New models introduced at recent home shows were well received. Although we did experience a modest slowing of orders from the California market during the quarter, it remains healthy. Meanwhile we have seen continued improvement in demand in Arizona and Nevada. While we are certainly concerned about rising energy prices and the impact on our raw material, transportation, operating costs and on the economy in general, we are optimistic for continued growth in fiscal 2007.”

Cavco’s senior management will hold a conference call to review these results tomorrow, May 2, 2006, at 12:00 p.m. (Eastern Time). Interested parties can access a live webcast of the conference call on the Internet at www.cavco.com under the Investor Relations link, or the web site www.earnings.com.
