Forward-looking Statements

Certain statements contained in this release are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements include all statements that are not historical facts. These forward-looking statements reflect Cavco's current expectations and projections with respect to our expected future business and financial performance, including, among other things: (i) expected financial performance and operating results, such as revenue and gross margin percentage; (ii) our liquidity and financial resources; (iii) our outlook with respect to the Company and the manufactured housing business in general; (iv) the expected effect of certain risks and uncertainties on our business; and (v) the strength of Cavco's business model. These statements may be preceded by, followed by, or include the words "aim," "anticipate," "believe," "estimate," "expect," "forecast," "future," "goal," "intend," "likely," "outlook," "plan," "potential," "project," "seek," "target," "can," "could," "may," "should," "would," "will," the negatives thereof and other words and terms of similar meaning. A number of factors could cause actual results or outcomes to differ materially from those indicated by these forward-looking statements. These factors include, among other factors, Cavco's ability to manage: (i) customer demand and the availability of financing for our products; (ii) labor shortages and the pricing, availability, or transportation of raw materials; (iii) the impact of local or national emergencies; (iv) excessive health and safety incidents or warranty and construction claims; (v) increases in cancellations of home sales; (vi) information technology failures or cyber incidents; (vii) our ability to maintain the security of personally identifiable information of our customers, (viii) comply with the numerous laws and regulations applicable to our business, including state, federal, and foreign laws relating manufactured housing, privacy, the internet, and accounting matters; (ix) successfully defend against litigation, government inquiries, and investigations, and (x) other risks and uncertainties indicated from time to time in documents filed or to be filed with the Securities and Exchange Commission (the "SEC") by Cavco. The forward-looking statements herein represent the judgment of Cavco as of the date of this release and Cavco disclaims any intent or obligation to publicly update or review any forward-looking statement, whether as a result of new information, future developments, or otherwise. This press release should be read in conjunction with the information included in the Company's other press releases, reports, and other filings with the SEC. Readers are specifically referred to the Risk Factors described in Item 1A of the Company's Annual Report on Form 10-K for the year ended March 30, 2024 as may be updated from time to time in future filings on Form 10-Q and other reports filed by the Company pursuant to the Securities Exchange Act of 1934, which identify important risks that could cause actual results to differ from those contained in the forward-looking statements. Understanding the information contained in these filings is important in order to fully understand Cavco's reported financial results and our business outlook for future periods.

Environmental Impact

Minimizing our environmental impact throughout the entire manufacturing cycle

Our Approach

Reduce waste + Preserve natural resources
+ Increase use of recycled materials =
Reduction in costs **and** carbon footprint

Recycling

- Align recycling efforts with area experts, as each geographical area often has different environmental and recycling standards
- Partner with vendors who share our values — recycling scrap metal, used pallets, baled cardboard, vinyl siding and wood refuse

Green Energy

Solar panels supply **~50% of electricity** in our Glendale, AZ, plant, **reducing our carbon footprint by ~1,642 metric tons** annually

2,012
acres

Greenhouse gas emissions will be reduced by the equivalent of adding 2,012 acres of forest to sequester carbon dioxide

Additional renewable energy opportunities for our other building facilities are under evaluation
